## Exchange Programs

During the Personalized Phase, participants can choose the International Exchange track from among seven possible track options. One of our most popular tracks ever since it was launched in 1973, the Exchange program enables participants to take advantage of an exceptional learning experience. This is why hundreds of HEC participants have thus far chosen the International Exchange Program. HEC is also an advice partner of the PIM Network.

In our worldwide network of 50 partner business schools, HEC participants who choose this track and whose application is successful can select one school among the following:
