Visit us

A day at HEC

To give you an idea of the HEC MBA community, we invite you to participate in one of our Campus Visits, which are organized throughout the year. During these visits, you will learn more about the HEC MBA Program by:

- Attending a class
- Taking a tour of the campus
- Meeting with current participants
- Taking part in roundtable discussions with Admissions, Careers, and Student Services representatives

An event in your country

Throughout the year, HEC MBA managers travel the world to attend major MBA forums and host individual HEC MBA events. These events provide candidates with the opportunity to meet alumni in the region and, occasionally, current participants who are on exchange in the area.
