

### Program Highlights

The strong management and communications skills developed through MBA training have become essential qualifications for individuals seeking to advance in international careers, improve the quality of business practices, and create a better working environment.

Thanks to our world-class faculty and global network, the HEC MBA remains on the cutting edge of management training and prepares our graduates to take on leadership positions in international business. Our Part-Time Program offers participants a unique opportunity to enhance their knowledge base, maximize their leadership potential, and expand their corporate network, all while maintaining a balance between their personal and professional lives.

### Personalized Program:

- Flexible program length
- Customized curriculum
